CIVIC SATURDAY FELLOWSHIP

2020 APPLICATION PACKET
WHO WE ARE

Citizen University exists to spread the belief that a strong democracy relies on strong citizens—that we all have the power to make change happen in civic life and the responsibility to try.

Our mission is to build a culture of powerful, responsible citizenship across the country. We envision a great civic revival across our nation—our dream is a country in which Americans are steeped in a sense of a civic character, educated in the tools of civic power, and are problem solving contributors in a self-governing community.
THE FELLOWSHIP

The Civic Saturday Fellowship prepares motivated, local leaders to start their own Civic Saturday gatherings in their home communities. This program was launched in 2018 and has trained over 50 civic catalysts with the Citizen University team in Seattle.

CIVIC SEMINARY TRAINING

The Civic Saturday fellowship begins with the ‘Civic Seminary,’ a three-day training in Seattle with Citizen University staff. Fellows will explore the ideals, morals, and values of American civic life and have discussions around what it means to be a responsible citizen—preparing them to engage in these conversations with their home communities. Additionally, fellows will learn how to write a ‘civic sermon,’ create a short version of their future civic sermon, and begin the planning process for their future Civic Saturday gatherings.

FELLOWSHIP COHORT

Fellows will attend the Civic Seminary with a diverse group of civic catalysts from all around the country. Cohorts include a variety of geographic and urban/rural diversity. After completing the fellowship, fellows will join a robust community of alumni who care deeply about supporting a strong national Civic Saturday community and who serve as a support and peer-learning group.

CIVIC SATURDAY GATHERING

After attending the Civic Seminary, fellows will return home to begin planning their Civic Saturday gatherings. Fellows will each organize and lead three Civic Saturdays, creating a place for civic reflection and connection in their home communities.

WHAT IS CIVIC SATURDAY ANYWAY?

In 2016, Citizen University convened the first Civic Saturday, and it has since grown into a civic ritual held in cities and towns all around America.

At Civic Saturday we hear poetry and readings of American civic texts, sing together and have conversations, and listen to a 'civic sermon'.

Originally modeled as a civic analogue to a faith gathering, Civic Saturday is not a replacement of any faith tradition, rather, it provides a place to rededicate ourselves to the practice of being active citizens and to do so in community with others.

Application Questions for Your Review

1. Why are you interested in being a Civic Saturday fellow? (250 words max.)

2. Civic Saturday is about creating a gathering that brings a sense of shared civic purpose and moral clarity into the civic life of a community. This requires a strong notion of “community.” Please answer the following based on YOUR community. Please keep your responses to under 250 words each.
   2.1 How do you define community? Who is your community?
   2.2 In your community, what problems or conflicts are most important to address and why?
   2.3 Describe your experience with creating successful community gatherings.
   2.4 Civic Saturdays inspire people to come together as a community of powerful, responsible citizens. Tell us what being a "powerful, responsible citizen" means to you.

3. Part of creating a successful Civic Saturday is partnering with others. Who do you see as potential partners for your gatherings, whether that is your employer, an organization you work with, a community you are a part of, or others? We won’t hold you to this if you decide to organize things differently, but this will help give us a sense of your current status.

4. Civic Saturday, like a faith gathering, often revolves around discussing a text and how it highlights the moral choices and dilemmas we face today. What are 2 texts from American civic life (broadly defined) that you think are particularly relevant to our time and to your community? Why? Submit two text excerpts. Each quote should be no more than 1/2 a page, and does not have to be the full text.

Please include a letter of recommendation and your resume with your application.
